NOW THEREFORE in consideration of these premised and mutual terms that the Valley Water User agree to the following:

1. Absolutely no spray equipment on the well site -- pails, hoses, chem.-handlers, spray tanks, etc.
2. Valley Water will be using a key-fob system for the Valley Water Well and will be charging \$50 for the key-fob which will be available at the RM of Saskatchewan Landing No. 167 office in Stewart Valley, SK.
3. The key-fob that you receive from the R.M. of Saskatchewan Landing No. 167 can't be given to anyone else -- you, alone, are responsible for it.
4. Being that you are a Non-Ratepayer of the R.M. of Saskatchewan Landing No. 167 you will be charged \$.01 per imperial gallon for any water you extract from this water source.
5. Valley Water will be billing you on a quarterly basis by calculating the amount of time the key-for was activated by the known number of imperial gallon/minute this well pumps at.
6. If the bill remains unpaid after 30 days a notice giving 15 days to pay account will be sent, if bill remains unpaid after the 15 days stated in the notice the key-fob will be deactivated until the bill is paid.
7. If at any point your account is not current, pre-payment will be required from that point on.
8. If you have outstanding accounts receivable invoice with this RM the use of that key-fob will be rescinded -- we will deactivate the key-fob and you will not receive your \$50 deposit back.
